TECHNICAL SKILLS

JavaScript jQuery HTML5 CSS3 NodeJS ReactJS ExpressJS UX Sketch Github

EXPERIENCE

Cohero Health, New York, NY — *Web Developer*

JUNE 2016 - PRESENT

Developed Cohero Health's web based assets including public facing website, business to business website, ROI calculator, online screener, consent form, and clinical survey. Implemented designs delivered from UX and design team and contributed to some design decisions.

Happy HeART Studio, Santa Cruz, CA — *UX | Designer | Developer*

DECEMBER 2016 - PRESENT

UX strategy and design including interviewing stakeholders and potential customers, organizing features based on user stories and personas and outlining information architecture with sitemaps. Created lo-fi and hi-fi wireframes and prototypes. Turned UX designs into JavaScript code. See it [here](#) before deployment.

The Souper Girl, Washington D.C. — *Web Developer*

FEBRUARY 2017 - PRESENT

Integrated new product offerings into existing Wordpress website using snipcart. Created custom zip code checker, modal pop up for sales, and adjusted layouts using vanilla JavaScript and CSS.

EDUCATION

New York University, New York, NY — *B.A. Music Technology*

General Assembly, New York, NY — *Web Development Immersive*

General Assembly, New York, NY — *UX Design Circuit*
